After that just close the window and download the cracked file in "rar" format to you save space on your computer. Many trainers have a "hidden" option in their application that allows you to download any files that they've created, including files they've added to their own trainers and files the are. A multi-instrument pack is meant to play various instruments you've downloaded. Break It Down "Break It Down" is a song recorded by American recording artist K. Michelle for her fourth studio album, The Best of Me (2014). It was released on August 25, 2014 as the album's lead single. "Break It Down" is an R&B song that makes use of a synth guitar instrumentation. The song is produced by Marsha Ambrosius, and was written by her and Donnie Scantz. "Break It Down" received critical acclaim from music critics, who noted the song's incorporation of an R&B sound. The song became a commercial success and topped several record charts in the United States. It also became Michelle's most successful song to date in the United Kingdom, where it peaked at number six on the UK Singles Chart. It also charted in Australia and Canada. Background and release On August 24, 2014, two days before the album's release, K. Michelle released a statement about the album and its title track, saying, "I want to give my fans a taste of what my album is all about. I'm so grateful that it's a 'best' album. I wanted to make sure my album had a song that people could relate to and a song that could make a mood. I wanted 'Break It Down'
